A Love of Learning

Choosing a new school for your child is a very important decision and, as parents and carers, you will believe that your child deserves the very best education. We share your belief. Our aim is for all students to achieve their full potential: academic, sporting and social. We provide the highest quality education, serving the needs of the whole child in a supportive atmosphere based on Christian values.

At All Saints we treat our pupils as individuals and work tirelessly to equip them with the skills and qualifications that they need to succeed in life. It is our belief that our students grow into mature and responsible adults through:

- Learning together within a genuinely caring community
- Aspiring to academic excellence and success

- Acquiring confidence, resilience and fulfilment of their individual talents
- Developing a love of learning, a love of each other and a set of values inspired by their positive experience within a Christian School
- Completing our mission to inspire them to embrace the fullness of life

Embracing the Fullness of Life

At All Saints School we take our 'mission' very seriously. We offer a range of opportunities that enable our students to truly embrace the fullness of life.

We provide the highest quality education serving the needs of the whole child. We will stretch and challenge pupils in order to maximise their academic achievements, whatever their level.

Our sporting achievements are outstanding with a wide range of sporting opportunities on offer.

Similarly, every year we unearth a new crop of artistic talent, be they fine artists, writers or performing artists and we give them lots of opportunities to showcase their skills.

We are renowned for the care we show to our students: ***'The highly dedicated staff work as a team to take meticulous and unstinting care of all the students.'*** Church Schools Inspection 2014

We offer opportunities for all and if your child displays ability in a specific area we will support them to achieve the very best they can. We will accelerate their learning through opportunities that nurture their talent further.

Ultimately our mission goes beyond the school gates and we encourage our students to take responsibility as global citizens. In recent years students have travelled far and wide, have enhanced their awareness of the world they live in and taken an active part in making the world a better place.

"The overwhelming majority of parents would recommend this school to another parent" (Ofsted 2017)

**Year 6 Open Evening 2017:
Monday 9th October
6.30pm—8.45pm**
