

Supporting bereaved children

**On-line Professional Advice and Support
for those supporting bereaved children and their families
during the Coronavirus pandemic**

Being isolated, away from family and friends during this crisis
is a challenging time for us all.

For those young people and families who are already grieving a loved one
or have experienced a death during this crisis,
our response as Professionals to help and support them
has never been so important

With this in mind, we are offering, 1 hour on-line support/advice sessions
with resources to include the following topics with a Q & A session at the end.
